

Accessibility for Ontarians with Disabilities Act Alliance

LEARN ABOUT US! SPREAD THE WORD!

Do you think Ontario should become fully accessible to over 1.8 million Ontarians with disabilities? The Accessibility for Ontarians with Disabilities Act Alliance is a non-partisan province-wide, volunteer community coalition. We advocate for a barrier-free Ontario for all persons with disabilities. We have no membership fees! We will not ask you for money. We will not give out our email list to anyone else.

We advocate to the Government, the media and the public to promote the effective implementation of the Accessibility for Ontarians with Disabilities Act, 2005. We are concerned about all disabilities, whether a physical, sensory, mental, learning, communication or intellectual disability. We care about both visible and invisible disabilities.

We are eager to include anyone--with or without a disability--who is interested in our cause. Perhaps you have a disability now. Perhaps a friend or family member has a disability. If not, you are bound to get a disability as you age.

Sign up for our widely followed Email Updates. We give periodic updates on what's new in the effort to promote a barrier-free Ontario -- news you cannot easily find elsewhere.

This is not a heavy traffic list that clutters your inbox! You receive updates only from us. Replies to our Email Updates come only to us, not you!

Each Update is easy to read or to skim. The subject line gives you the topic. Each Update then has a headline. If you just read that, you will get the gist of the whole document. Each Update then gives a summary of the news for those who want to read more than the headline. Finally, for those with more time, each Update includes more details beyond the summary.

To receive our Updates, send a request to aodafeedback@gmail.com
Encourage others to sign up for our Updates. Forward our Updates to your friends and family.
